

# Store Checklist

FOR USE PRIOR TO CIPC TREATMENT

**CROP/STORE OWNER FORM: COMPLETE ONE CHECKLIST PER STORE PER APPLICATION**

www.cipccompliant.co.uk

**BE 2017 READY**

Under Potato Industry CIPC Stewardship, crop owners must assess every store against the criteria listed before each CIPC application is made.

If a satisfactory checklist is not available, contractors cannot apply CIPC.

Use one form per store. Address any **red** categories before treatment. If **red** categories remain, **DO NOT TREAT.**

Crop/Store Owner	
Store ID	No

Key issue	Guidelines	R	A	G
STORE LOCATION	Proximity to residential property Proximity to non-target crops, seed or other goods Sheltered from prevailing wind?	Adjacent	Distant	+Sheltered
STORE INTEGRITY	Test for leakage: close store, turn lights off, do lightproof check Check louvre and door seals Evidence of leakage, eg at eaves or base of walls?	Many leaks	Some	Few/None
EMPTY SPACE IN STORE	Is the store full enough? Divide the building volume occupied (length x width x average height) by the approximate volume occupied by the crop	Over 2.5	1.8-2.5	Below 1.8
CIPC APPLICATION POINT	Dedicated ports/ducts installed? Fog not directed straight on to boxes Centrally positioned or direct into plenum for delivery into boxes	Poor	Fair	Good
UNIFORM STORE ENVIRONMENT	Capability to actively recirculate 24h before application <u>without cooling</u> to eliminate condensation and create an even temperature throughout stack?	Poor	Fair	Good
BULK STORE SUITABILITY	Clear air path via ductwork, adequate laterals Preferably, balanced airflow for active recirculation Inverters for slow speed recirculation of fog	Unsuitable	OK	+Inverters
BOX STORE SUITABILITY	Unimpeded air path through store ideally with active recirculation Clear pallet slots with even stack height Applying into plenum to stop fog going direct to roof space	Unsuitable	OK	+Plenum

Checklist to be completed by store manager and signed to signify sight of the completed form by the BASIS advisor for the application and by the CIPC applicator.

PICSG/Sep 2016/CSO/v7

BASIS Advisor	CIPC Applicator		YES / NO
<p>Permanent signage to confirm CIPC use in the building is required in all stores subject to Red Tractor Farm Assurance audit: see redtractorassurance.org.uk</p>
